

Value Statement

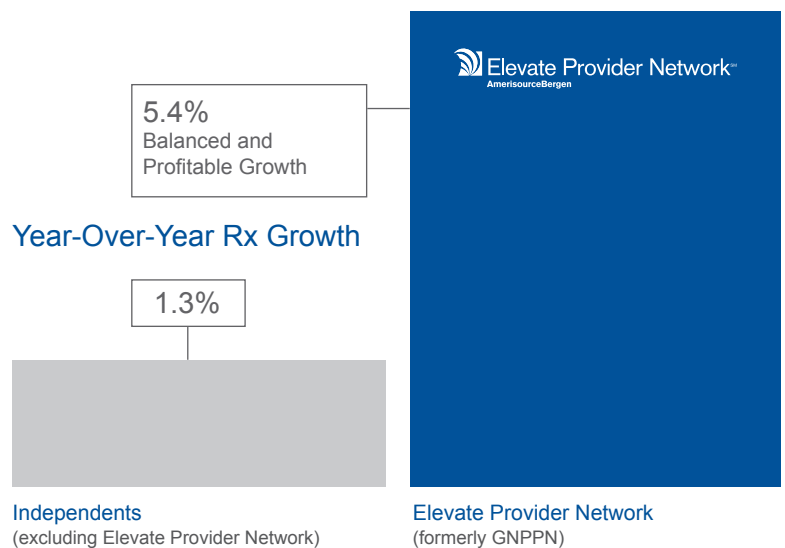

Elevate Provider Network (formerly GNPPN) is an analytics-driven Pharmacy Services Administration Organization. We partner with our more than 4,500 pharmacy members to help them maximize profitability, improve operational effectiveness and enhance patient care. Our members look to us to model and negotiate smarter payer contracts, provide intuitive pharmacy analytics and software and offer expertise in handling a range of managed care issues. With this unique combination of analytics, technology and professional services — *Elevate Provider Network is strengthening the network's presence in managed care and providing pharmacies with a smarter path to profitability.*

How can the Elevate Provider Network help you?

- ✓ **Grow Your Business:** Broad access to third-party contracts and patient lives
