

# A Complete CBD Dental Line for Better Oral Health Brought to you by PerioProtect and Imbue Botanicals

Finally, an all-natural, comprehensive CBD Oral Product Line, designed by leading industry professionals for exceptional oral health. Natural products without fluoride combined with the benefits of organically grown Colorado CBD.

A collaborative effort between leaders in the periodontal field that have for years been formulating products that truly make an impact in the management of periodontal disease and a leader in clinically efficacious CBD products in independent pharmacies, these products are a true step forward in daily oral care. All our products are rigorously tested to ensure safety and potency.

## CBD Mint Toothpaste

Our fluoride-free, great tasting mint toothpaste is formulated with hydroxyapatite to help strengthen enamel, and our proprietary, Full Spectrum CBD. Carefully crafted using quality natural ingredients and no artificial sweeteners, it combines gentle cleaning, natural full flavor and a powerful 300 mg of Full Spectrum CBD to help keep your teeth the very best they can be.

- No artificial colors, fragrance or preservatives
- All natural with 300 mg of organically sourced proprietary Colorado grown CBD
- Help strengthen enamel
- No animal testing
- Fully recyclable packaging
- Freshens breath and leaves your mouth with a natural, clean feeling

## CBD Mouthwash and Oral Rinse

Our unique fluoride-free mouthwash and oral rinse is specially formulated for a fresh, minty taste combined with powerful 442 mg per bottle of Full Spectrum CBD and other all natural ingredients to leave your mouth feeling wonderfully clean. Carefully crafted with the finest ingredients, and no artificial sweeteners, it's the perfect complement of cleansing and refreshment.

- No artificial colors, fragrance or preservatives
- All natural with 442 mg of organically sourced proprietary Colorado grown CBD
- Fully recyclable packaging
- No animal testing
- Freshens breath and leaves your mouth with a natural, clean feeling

## CBD Oral Tincture of Hemp

Specifically designed as an add-on product for use with periodontal trays, or as a stand-alone regimen for oral application, our Perio Protect tincture is carefully formulated for maximum strength and clinical efficacy. This premier product is crafted to deliver an exceptional level of Full Spectrum CBD. Meaning it has a full cadre of terpenes and cannabinoids to ensure an entourage effect when a fast acting, highly absorbable product is required.

- No artificial colors, fragrance, flavors or preservatives
- All natural with 600 mg of organically sourced proprietary Colorado grown CBD
- Fully recyclable packaging
- No animal testing
- Unique CBD, vegetable glycerin formulation for fast absorption
